MISSION STATEMENT
We at Woodward Children’s Center pledge to teach each of our students the social and emotional skills necessary to face life’s challenges, along with providing them cutting edge education to meet the demands of the future. Additionally, we are assisting them in exploring their vocational and career goals, all of which will help them to live life to their fullest potential, and become contributing members of society. This mission has always relied on our dedicated teachers and other professional staff who are aided by the support and encouragement of the care-givers whose loving bond with our students provides the foundation of support on which Woodward was built.

Woodward Highlights

Accomplishes of Woodward Children’s Center in the 2017-18 school year.

1. Woodward has begun an afterschool program. We offer academic support such as enrichment, remediation and homework help. There is a fitness component consisting of dance, fitness training and sports. We also offer a variety of clubs such as art, culinary, baking, board games and crafts.
2. To enhance our vocational department, Woodward now offers an embroidery class where students are learning to use software and a sewing machine to personalize items such as hats and shirts.
3. To promote conservation and helping the environment, our vocation classes design and decorate reusable shopping bags.
4. In efforts to strengthen the Home School Connection, Woodward hosted the first of many family talent shows. Students, along with a family member, friend or favored staff shared a talent and later completed a craft together and had lunch from our culinary students. It was a fun day for all who attended.
